Why do you want to be a Digital Leader?

I want to be a Digital Leader because...

If you were a Digital Leader, what do you think would be a good way to help students be safe on the internet?

What do you think is the biggest issue young people face online today?

How could Digital Leaders help young people with this issue?

Why do you think you'll make a good role model?

Do you use technology every day? If so, how?

Can you give an example of a time when you've been a role model to others?
