

On Thursday 18th December, Year 11 pupils were invited as part of a rewards programme in recognition of their hard work and success over the last term. To receive an invitation, pupils had to meet clear success criteria, including positive behaviour, excellent attendance, and a sustained effort grade within their morning intervention programme.

The games were highly competitive, creating a fun and engaging atmosphere. Overall, it was a great opportunity for pupils to relax, unwind, and celebrate their achievements.
