

## Trip to the BT Offices –

On Tuesday 16<sup>th</sup> of December, 14 pupils intrigued in digital and STEM careers visited the BT Offices in Aldgate, to take part in a BT Get Work Ready Workshop. The workshop gave pupils a chance to see what a career at BT could involve, and all of the different jobs needed to make a big company like BT run. They were also tasked with working with another school in small groups to create a technological invention which could help pupils to stop procrastinating when it came to homework.

The pupils did a fantastic job and came up with great ideas, which they presented proudly in front of everyone and those hosting the event were very impressed. The pupils embodied our school values very well throughout the day. It was a great opportunity that pupils took full advantage of, as well as getting a lovely tour of the building, with an amazing view, and hopefully being inspired by all there is to offer in digital careers!
