

On Tuesday 11th and Wednesday 12th November, our Year 10 pupils took part in mock interviews conducted by volunteers from the local community. The volunteers represented a wide range of professions, including banking, estate agency, education, architecture, and many more.

The aim of the interviews was to help pupils prepare for their upcoming work experience placements next year. This experience proved invaluable, allowing students to develop their oracy skills and build confidence in interacting with people they had not met before.

The volunteers were extremely impressed with the pupils' maturity, communication skills, and enthusiasm, describing the two days as truly inspiring.

A huge thank you to all the volunteers who generously gave their time to support our students — your contribution made a real difference!
