## 1. Introduction

- 1.1. This document applies to data controllers who process personal information about others (data subjects). We have a duty to uphold data subject rights and must be able to understand our responsibilities to those data subjects.
- 1.2. We recognise that the law allows individuals to exercise certain rights in respect of their personal data and one of these rights is the right of access. Therefore there is a need to acknowledge this right and to supply the requested information within the statutory timeframe.
- 1.3. Where an individual has requested a copy of the information we hold about them it is the responsibility of the data controller to comply with the request.

## 2. Quick Reference Guide

1. Satisfy yourself that the person requesting the information has a legal right to it, for example because the requestor is the data subject (staff) or they hold parental responsibility
2. Seek confirmation of identity where you requestor is not known to you
3. Request consent where necessary, for example where a child is 12 years or older
4. Acknowledge you are processing the request (See Appendix A)
5. Understand the scope and parameters of the request
6. Collate the information relevant to the request
7. Review the information and where necessary apply redactions, explaining why the information has been removed
8. Agree how the disclosure will be made, for example the requestor will collect from the school, by secure email, by special delivery post
9. Make the disclosure
10. Ensure you retain a copy of the information disclosed
11. Ensure you have fully logged the request on your B1 reporting tool

## 3. Policy References

- 3.1. This procedure is a requirement of the following policies:
  - Statutory Requests Policy

## 4. Procedures

### 4.1 What is a Subject Access Request (SAR)?

- 4.1.1 A subject access request is a request for personal information under the Data Protection Act 2018.
- 4.1.2 The requestor does not have to specify under what legislation they are making a request. It is our responsibility to correctly identify which legislation applies.
- 4.1.3 The individual may ask another person to request the information for them e.g a parent, representative or a solicitor.
- 4.1.4 You must provide a copy of the information free of charge. However, you can charge a 'reasonable fee' when a request is manifestly unfounded or excessive, particularly if it is repetitive.

- 4.1.5 You may also charge a reasonable fee to comply with requests for further copies of the same information. This does not mean that you can charge for all subsequent access requests.
- 4.1.6 The fee must be based on the administrative cost of providing the information.
- 4.1.7 The timescale for disclosing personal information is 1 month, however where a request is very complex it is possible for the Data Controller to claim an additional 2 months. The burden of proof that a request is complex sits with the Data Controller. If you intend to claim the additional time it must be communicated to the Data Subject as early as possible in the process.
- 4.1.8 There is an additional right of access to curricular and educational records defined in the Education (Pupil Information) (England) Regulations 2005. The timescale for responding to such requests is fifteen days from receipt of the request (excluding the summer holiday).

## **4.2 Employee Responsibilities**

- 4.2.1 Anyone receiving a subject access request must immediately inform the school office.
- 4.2.2 The request must be logged on the central record which is reported as part of the B1 reporting template to Senior Leaders.

### **4.2.3 Investigations**

- 4.2.3.1 You must verify the identity of the person making the request using reasonable means.
- 4.2.3.2 The identity of the requestor must be established before the disclosure of any information, and checks should also be carried out regarding proof of relationship to the child. Evidence of identity can be established by requesting production of:
- passport
  - driving licence
  - utility bills with the current address
  - Birth / Marriage certificate
  - P45/P60
  - Credit Card or Mortgage statement
- This list is not exhaustive.*  
*See Appendix A for a form to be used to request this information*
- 4.2.3.3 If the individual has requested that another person may request the information for them you must ensure that the relevant written authority to share or other evidence such as a power of attorney has been provided.
- 4.2.3.4 If we think an individual may not understand what information would be disclosed to a third party who has made a subject access request on their behalf, we may send the response directly to the individual rather than to the third party. The individual may then choose to share the information with the third party after having had a chance to review it.
- 4.2.3.5 Where a parent/carer is requesting information about a child, we should consider whether the child is mature enough to understand their rights. If we are confident that the child can understand their rights, then we should respond to the child rather than the parent/carer or seek their consent to disclose directly to the parent/carer.

#### 4.2.4 Timescales

- 4.2.4.1 Information must be provided without delay and at the latest within one month of receipt.
- 4.2.4.2 We will be able to extend the period of compliance by a further two months where requests are complex or numerous. If this is the case, we must inform the individual within one month of the receipt of the request and explain why the extension is necessary.
- 4.2.4.3 Where the personal data is requested under the [Education \(Pupil Information\) \(England\) Regulations 2005](#) the timescale for responding to such requests is fifteen days from receipt of the request (excluding the summer holiday). This legislation is not applicable to Academies.

#### 4.2.5 Completing the Subject Access Request (SAR) where IGS are processing the request on behalf of the Data Controller

- 4.2.5.1 IGS should be informed immediately that a subject access request has been received.
- 4.2.5.2 All information scoped within the request must be gathered by the school
- 4.2.5.3 All of the gathered information should be scanned and sent to the appropriate person within IGS within the agreed timeframe via secure email, e.g. Egress.
- 4.2.5.4 Once the information has been received back from IGS, the audit copies should be stored securely electronically.
- 4.2.5.5 The client copies should be released to the individual in the format advised by IGS as soon as possible (using the relevant form in Appendix A).

#### 4.2.6 Completing the Subject Access Request (SAR) where IGS are not processing the request on behalf of the Data Controller

- 4.2.6.1 All information scoped within the request must be gathered by the school.
- 4.2.6.2 The information must be reviewed before disclosure.
- 4.2.6.1 Third party information is that which relates to another individual. The DPA 2018 says that you do not have to comply with the request if it would mean disclosing information about another individual who can be identified from that information, except if:
  - a) the other individual has consented to the disclosure; or
  - b) it is reasonable to comply with the request without that individual's consent.You cannot refuse to provide access to personal data about an individual simply because you obtained that data from a third party.
- 4.2.6.2 Any information which may cause serious harm to the physical or mental health or emotional condition of the pupil or another should not be disclosed, nor should information that would reveal that the child is at risk of abuse, or information relating to court proceedings. Such information is exempt from disclosure.
- 4.2.6.3 Any necessary redactions should be made, either by using redaction software, or by blacking out the redaction. Where redaction (information blacked out/removed) has taken place then a full copy of the information provided should be retained in order to establish, if a complaint is made, what was redacted and why. Information disclosed should be clear, thus any codes or technical terms will need to be clarified and explained. If information contained within the disclosure is difficult to read or illegible, then it should be retyped. If redactions are made by using a black marker pen, it is advisable to re-copy the information so that it cannot be seen under the blacking out.
- 4.2.6.4 A copy of the original information, an audit copy if possible and the client copy should be saved electronically in a secure location.

- 4.2.6.5 The client copies should be released to the requestor as soon as possible, but within the statutory timeframe (use the relevant form in Appendix A)
- 4.2.6.6 Information can be provided at the school with a member of staff on hand to help and explain matters if requested, or provided at face to face handover.
- 4.2.6.7 The views of the applicant should be taken into account when considering the method of delivery. If postal systems have to be used then special delivery mail must be used.
- 4.2.6.8 Complaints about the above procedures should be made to the Information Commissioner. Contact details must be provided with the disclosure information.

## 5 Advice and Support

- 5.2 If you have any issues over the clarity of these procedures, how they should be applied in practice, require advice about exemptions from the requirements or have any suggestions for amendments, please contact your Data Protection Officer
- 5.3 For more information and advice on processing subject access requests, please go to [www.ico.org.uk](http://www.ico.org.uk)

## 6 Breach Statement

A breach of this procedure is a breach of Information Policy. Breaches will be investigated and may result in disciplinary action. Serious breaches of Policy may be considered gross misconduct and result in dismissal without notice, or legal action being taken against you.
